welcome to slip.

what is slip?

- tiny slideshow file format
- open source
- plaintext!

let's (w)rap.

- speak your mind! long points will wrap when necessary, but make sure they are 140 characters or less - or slip will automatically cut them o

three ways to play

- normal point.
- code .

three ways to play

- normal point.
- code .
- hidden point.

and that's all there is to it.
